Monthly Newsletter of LSU Early Head Start Child Care Partnership Program Volume 2 Issue 3

## HEAD START

### Message from the EHS Director

Head Start is designed to ensure that all children **regardless** of their family's income, race, or ethnic background are able to enter kindergarten **ready to learn**.

-Lucille Royball-Allard

### Let's Celebrate Head Start Awareness Month!

On October 22, 1982, President Ronald Reagan proclaimed October Head Start Awareness Month. Thirty-one years after the proclamation, his words still inspire us to celebrate this great program. Perhaps the most significant factor in the success of Head Start has been the involvement **of parents, volunteers, and the community**. Their commitment and the services provided by dedicated Head Start staff have been instrumental in creating a quality program that truly provides young children with a 'head start' in life.

### This month we also celebrate National Child Health Day

On National Child Health Day—the first Monday in October—we celebrate with a commitment to ensuring children make healthy life choices and have the resources to lead happy and productive lives. Every child deserves a real opportunity to fully develop individually, socially, and emotionally. We must offer every child and every family a fair shot at reaching their maximum potential.
