

Fetal Alcohol Spectrum Disorders (FASD) Training

COVINGTON REGION

NOVEMBER 20, 2024

1:00-3:00 PM OR 5:30-7:30 PM

Southeastern University Center | Rm 139
800 West University Avenue
Hammond, LA 70402

FASD is an umbrella term describing the range of effects that can occur in an individual exposed to alcohol in the womb.

These effects may include physical, mental, behavioral, and/or learning disabilities with lifelong implications.

TARGETED PARTICIPANTS:

All professional DCFS Child Welfare staff and foster or relative caregivers.

REGISTRATION:

1 Registration is done in the DCFS Moodle:
<https://moodle.lcwta.org/>

Non-DCFS attendees will need to create a Moodle account to enroll.

2 Then enroll in the Moodle course:
<https://moodle.lcwta.org/course/view.php?id=287>

PRESENTER:

Krista James, Ph.D

Director of FASD Initiatives, LSUHNO Human Development Center

OBJECTIVES:

Understand the brain differences in FASD and the impacts to learning and health.

Explore practices in the field to support prevention, policy, awareness, and family support for FASD.

Understand best practices and supports for the home, school, and community environment for those affected by FASD.

TRAINING HOURS:

This training is approved for 2 Child Welfare Training Hours.

The FASD Trainings are funded by the Human Development Center at LSU Health New Orleans and the Louisiana Developmental Disabilities Council.
