Why they matter!

The Human Development Center has several programs that support individuals across the life course. By highlighting HDC, you connect your community to a network that empowers them to more effectively support individuals with disabilities

How do we refer to the HDC program?

The Human Development Center's [INSERT PROGRAM TITLE]

After this first introduction to the Human Development Center, you may then use the program's individual name henceforth.

What if we need to shorten that title?

You may refer to the program name without HDC, but we ask that you end your article or flyer with the following boilerplate:

[INSERT PROGRAM TITLE] is a project of the Human Development Center at LSU Health New Orleans.

Which logo do we use?

The LSU Health New Orleans logo is HDC's only logo. [Download logos here.](#)
