

PAYCheck Pathway to Employment

PAYCheck is a 3-semester program helping young adults aged 18-22 transition to life after high school.

START

Students are encouraged to connect with the PAYCheck program in their junior or senior year of high school.

1

POSTSECONDARY COURSES

PAYCheck participants take introductory coursework at a typical college campus.

2

WORK & LIFE SKILLS TRAINING

Training happens in community settings on topics based on each participant's unique needs, such as resume writing, interviewing, self-advocacy, banking, and related topics.

3

CAREER EXPLORATION

Pre-ETS are provided while participants gain a first-hand look at different professions through worksite visits and job shadowing.

4

PAID INTERNSHIPS

PAYCheck participants are placed in two 10-week paid internships and receive job coaching from Transition Specialists as needed.

5

JOB PLACEMENT

At the end of the program, participants are placed into jobs as independent employees! After placement, PAYCheck Transition Specialists check-in for 90 days to ensure successful employment.

*Any PAYCheck participant who completes the program, but needs help re-entering the workforce can re-join the program.
